LET THE SENCORP/WHITE SERVICE TECHNICIANS
GET YOU UP and RUNNING, QUICKLY!

- With 21 direct Field Service Technicians strategically located throughout North America,
- Experienced Sencorp Service Engineers only a phone call away,
- or 24/7 support you can count on,

SENCORP/WHITE PROVIDES INDUSTRY LEADING
VALUE *YOU CAN COUNT ON!*

CALL 508-771-9400

SENCORP/WHITE PROVIDES FACTORY ORIGINAL PARTS, RETROFIT KITS, MACHINE UPGRADES, PERIODIC and PREVENTATIVE MAINTENANCE PROGRAMS, as well as TRAINING!

Ask your Sencorp Customer Satisfaction Representative how we can make your machine perform to factory original specifications!

With 21 Service Technicians strategically located throughout North America, there is a good chance you will have a Sencorp/White first responder within a five-hour drive of your facility. In these difficult times quick response and reduced travel-time equals money in your pocket. Now that makes sense!

- **Call about our new pin chain pricing !**
 - We are trying out a new, lower cost chain for your not-as-critical thermoforming jobs.
 - Original manufacturer, hi-grade pre-stretched and certified chain is still available for demanding jobs.
- **Call about replacement cylinders and other parts that we are offering as alternatives to no-name suppliers, too !**
- **Ask about upcoming programs designed to increase your productivity and manage your cost of ownership.**

We haven't thought of everything... So if you think of something that you need and are searching for the best service provider, let us know – We want to hear from you!
